**Mary Queen of Scots 2018 R 2h 4m**

Mary Queen of Scots explores the turbulent life of the charismatic Mary Stuart. Queen of France at 16, widowed at 18, Mary defies pressure to remarry and instead returns to her native Scotland to reclaim her rightful throne. By birth, she also has a rival claim to the throne of Elizabeth I, who rules as the Queen of England. Determined to rule as much more than a figurehead, Mary asserts her claim to the English throne, threatening Elizabeth's sovereignty. Rivals in power and in love, the two Queens make very different choices about marriage and children. Betrayal, rebellion and conspiracies within each court imperil both Queens--driving them apart, as each woman experiences the bitter cost of power.

**Into the Woods 2014 PG 2h 5m**

Woven from a collection of revered fairy tales and characters, this enchanting musical mash-up focuses on a childless couple who venture into the woods hoping to end a curse put on them by a vindictive witch.

**Mission: Impossible – Fallout 2018 PG-13 2h 27m**

Überspy Ethan Hunt and his fearless cohorts on the Impossible Missions Force are tested as never before -- physically and mentally -- in this stunt-heavy installment of the action-thriller series.

One month every year, five highly competitive friends hit the ground running in a no-holds-barred game of tag they've been playing since the first grade—risking their necks, their jobs and their relationships to take each other down with the battle cry "You're It!" This year, the game coincides with the wedding of their only undefeated player, which should finally make him an easy target. But he knows they're coming...and he's ready.
